

Policy for Canceling Worship In Case of Severe Weather

In Case of Severe Winter Weather

Weekend Services:

The following conditions will define whether Covenant Life Church cancels its worship service on a given Sunday due to severe winter weather:

- Snow overnight of eight inches or more
- A wind chill below negative 15 degrees F

If either of these conditions exists, the Pastor and Director of Operations will consult and decide whether or not to cancel the worship services.

Week Day Events:

Offices are normally only closed if roads are impassable or power is out. Weather cancellations do not prevent staff from assessing their ability to come into work.

Important Safety Note:

Weather conditions on the Lakeshore can vary substantially from one area, one neighborhood to the next. Even though the building may be open and a worship service or ministry event has not been cancelled, that does not mean it is safe to travel. Only you can decide whether conditions in your area allow for safe travel. Please use your own best judgment regarding travel condition in your area and your ability to safely travel to church. Even if you have a participating responsibility, please consider your safety of first importance.
